Questions regarding inherited real estate:

Is the property going solely to you?
Does the property produce income? (ie, is it a rental property?)
Do you plan on selling the property?

Questions on sale of primary residence:

Did you ever use any part of your home as rental property?
Did profit on the sale of your primary residence exceed $250,000 if you are a single filer or $500,000 if you are married filing jointly?

Information needed for purchase and sale of rental property or business assets:

Selling price
Date sold
Date purchased and purchase price (in theory I should have this date because the property should already be listed as an asset for tax purposes)
Did you exchange the property for similar property (a "like kind exchange")?

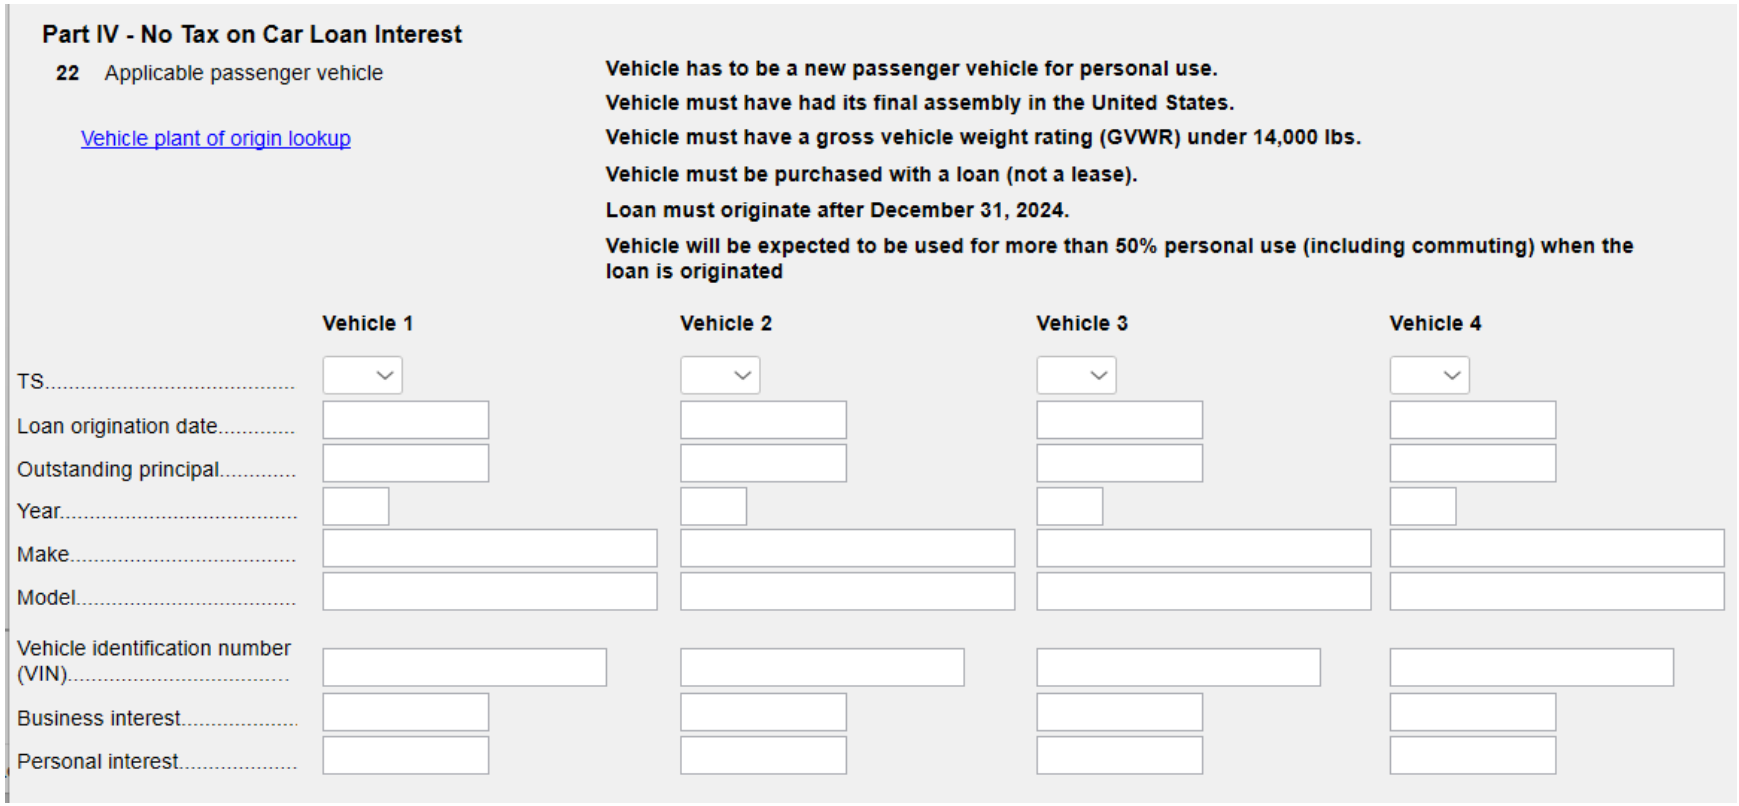

Questions regarding changes in employment:

When did you start your new job?
Is it a second job or in place of a previous job?
Is your pay changing significantly or staying about the same?
Are you now earning self-employment income? If so is it full or part time?

Questions for retirees:

What date did you officially retire?
What will be your source(s) of income and how much do you expect from each if there is more than one income source?
Do you plan to work a part-time job or start a business?

Cannot claim this deduction on business vehicles
